Die Säulen-Elemente können mit einer feinen Säge auf ein beliebiges Maß gekürzt werden.
 The columns can be adjusted to any desired height by trimming a column component with a fine saw.
 Les éléments des colonnes peuvent être raccourcis, avec une scie fine, à la mesure désirée.
 Le colonne possono essere tagliate alla misura desiderata utilizzando un seghetto fine.
 Los elementos individuales de las columnas se pueden cortar a la medida deseada con un serrucho fino.
 Колонны могут быть подогнаны под желаемую высоту посредством распила элемента тонкой пилой
 W razie potrzeby kolumnę można skrócić poprzez jej przycięcie piłką o drobnych zębach.
 Coloanele se pot taia la dimensiunea dorită cu ajutorul unui fierăstrău fin.
